

DRUG AWARENESS

Addiction and Youth:

Why do people become addicted, how can addiction be prevented, and how do you know this is happening to your loved ones?

In this workshop, Dr. Freeman will discuss circumstances that predispose to addiction where it is best to intervene, how to recognize signs of addiction to a variety of substances, and helpful tools and resources.

Kimberly Freeman, MD, MBA, CPE, FACEP, Paramedic

Kim Freeman began helping people in crisis during college summers as a fire department volunteer. She has since served her community in a variety of capacities, including paramedic and emergency physician. She is currently our Tuolumne County Health Officer and Emergency Medical Services Medical Director and is board-certified in Emergency Medicine and Emergency Medical Services. She is also the mother of four spirited children between the ages of seven and fourteen.
